

Awesome Science Media Presents:

Dino Hunter Ep1

The Discovery of Dinosaur Soft Tissue

Documentary Summary

In this episode of Dino Hunter, Jeremy explores discovery of dinosaur soft tissue, how it was ridiculed by evolutionary scientists, but how paleontologists Mary Schweitzer proved them wrong. Then, in 2012 creationist Mark Armitage took Mary's research and found his own soft tissue, adding to the incredible discovery which supports the Biblical worldview. See amazing video of soft tissue and microscopic photos of dinosaur blood vessels, red blood cells, collagen, and osteocytes...tissue that should not exist if dinosaurs are millions of years old!

DVD comes with a Digital HD version accessed through Reelhouse.org.
